EXECUTIVE PROFILE

COMMERCIAL SIGNAGE ESTIMATION & WHOLESALE OPERATIONS

Signage Estimator & Technical Vendor Sourcing Specialist with hands-on background as an independent commercial print & fabrication business owner and 4+ years of disciplined international remote operations. Deep construction knowledge spanning rigid substrates (cast acrylic, ACM, HDU, PVC), front-lit and reverse halo channel letters, wireway raceways, and UL 48 / NEC Article 600 electrical safety compliance. Advanced proficiency in **CoreBridge** estimating logic, applying rigorous **mathematical 50% gross margin defense** ($COGS / (1 - GM\%)$) to prevent margin leakage. **Google Certified AI Specialist (100% Score — Google for Education & MIT RAISE)**: builds custom Gemini prompt workflows to scrape corporate vendor portals and parse raw contractor RFPs into submittal-ready Bills of Materials in under 8 minutes. Available for immediate full-time placement on a U.S. EST schedule.

CORE COMPETENCIES & TECHNICAL CAPABILITIES

FASTSIGNS & SIGN FRANCHISE WORKFLOW ALIGNMENT

COREBRIDGE & ESTIMATING MATH

Assembly logic in **CoreBridge**; raw material yield nesting; machine running times; router hours; fabrication labor; **50% Gross Margin formula enforcement**.

SUBSTRATES & FABRICATION

Cast Acrylic (#7328 / #2447), ACM (Aluminum Composite 3mm/4mm), Polycarbonate (Lexan), HDU Precision Board, PVC Sintra, .063/.080 aluminum returns, trim cap, stud mounting.

UL 48 & ILLUMINATION SPECS

Front-lit & reverse halo channel letters; IP67 LED layouts; **NEC Article 600 80% driver headroom rule** (48W max on 60W Class 2 power supply); weep holes & raceways.

STRATEGIC WHOLESALE SOURCING

Outsourced vendor management across North American wholesale fabricators (**Direct Sign Wholesale, Gemini Letter, Quality Mfg**); RFQ standardization with 1:1 paper pattern.

GEMINI AI TAKEOFF AUTOMATION

Google Gemini custom Gems for scraping corporate vendor portals, parsing contractor RFP emails into structured engineering BOMs, and evaluating fabricator quotes in minutes.

PROOF VERIFICATION & HANDOFF

Full sales-to-production lifecycle: Inquiry → CoreBridge Estimate → Customer Proof → Wholesale Sourcing → Production Release; Adobe Illustrator & Acrobat PDF markup.

PROFESSIONAL EXPERIENCE

COMMERCIAL SIGNAGE OPERATIONS & PRODUCTION TRACK RECORD

Commercial Signage Estimator & AI Workflow Architect — SignQuote Studio (Commercial Sign Benchmarking) 2024 – PRESENT

- Engineered Operational Sign Estimating Platform:** Architected a production-grade commercial signage estimating workbench modeling U.S. sign franchise workflows across four contract archetypes (Medical Center, Franchise Burger, Class-A Tower, Regional Hospital).
- Gemini AI Unstructured Takeoff Integration:** Designed custom Gemini prompt extraction engines that ingest raw contractor email RFPs and architectural specs, generating structured engineering Bills of Materials (BOM) in < 8 minutes (75% faster than manual takeoffs).
- Strict 50% Gross Margin Safeguard:** Implemented CoreBridge-calibrated pricing formulas ($Selling\ Price = Total\ COGS / (1 - Target\ GM\%)$), systematically preventing the standard \$840+ margin-vs-markup profit leakage common on commercial contracts.
- Standardized Wholesale RFQ Dispatch:** Built automated vendor RFQ generators for North American fabricator queues (DSW, Gemini, QM) ensuring mandatory 1:1 paper patterns, weep hole specs, crating, and liftgate delivery requirements on first dispatch.

Tech Stack & Logic: CoreBridge Estimating Principles, Google Gemini AI Custom Prompts, 3D Canvas Assembly, SVG Architectural Elevation Drafting, Wholesale RFQ Engines.

Commercial Printing & Sign Production Business Owner — Independent Production Shop 2023 – 2024

- End-to-End Shop Floor Operations:** Owned and operated a commercial printing and digital fabrication business; managed raw substrate inventory, machine run scheduling, labor allocations, and commercial client quote deliveries.
- Substrate Yields & Sheet Nesting:** Calculated exact material nesting and cut yields for rigid substrates (Cast Acrylic, 3mm/4mm ACM, PVC Sintra, Foam Board) and roll media (3M cast vinyls, translucent vinyl, banner), minimizing material scrap below 4.5%.
- Wide-Format Production & Finishing:** Calibrated wide-format printers and plotter cutters; managed UV/latex ink profiles, laminate finishes (matte, gloss, anti-graffiti), contour weeding, pre-mask application, and structural standoff assembly.
- Wholesale Supplier Negotiations:** Negotiated factory-direct supplier volume pricing tiers, bulk substrate deliveries, and lead times, maintaining healthy operating gross margins on custom commercial deliverables.

Wholesale Supplier & Production Management Coordinator — SPXI Sourcing & Merchandise Operations 2022 – 2024

- Hybrid Production Project Management:** Managed outsourced manufacturing for 50%+ of job volumes through strategic wholesale fabricators; coordinated factory-direct merchandise production, MOQ pricing tiers, and delivery timetables.
- Vendor Quote Reconciliation & Margins:** Evaluated third-party wholesale quotes against client budget specifications, material quality tolerances, and target gross margin thresholds before approving production release.
- Proof Verification & Zero-Defect Delivery:** Reviewed pre-production proofs with wholesale suppliers for accurate Pantone/paint matching, dimension verification, and mounting hole alignments, ensuring zero vendor re-runs or defect credits.

International Remote Production & Digital Asset Specialist — Independent Commercial Clients (Canada, UAE, Italy) 2021 – PRESENT

- 4+ Years of Disciplined International Remote Delivery:** Delivered technical graphics, digital proofs, and production-ready vector assets for corporate and commercial clients across Canada, the UAE, and Italy.
- Contractor & Account Communication:** Maintained daily, proactive written communication with business owners, marketing managers, and creative directors; clarified complex technical specs with zero miscommunication.

Technology & Estimating Tools

Full Stack

- Estimating & ERP:** CoreBridge (Assemblies, Formulas, Unit Pricing, POs, Work Orders); ShopVox & Cyrious/Control familiarity.
- AI & Automation:** Google Gemini (Custom Gems, RFP Parsing, Automated BOM Extraction, Vendor Scraping); ChatGPT; Claude.
- Design & Artwork:** Adobe Illustrator (Cut Paths, Contour Lines, Scale Drawings); Adobe Acrobat Pro (PDF Proof Markup); Bluebeam awareness.
- Vendor Portals & Systems:** Google Workspace (Gmail, Meet, Sheets, Drive); Asana; Wholesale Vendor Portals (DSW, Gemini, Matthews, QM).

Verified Credentials & Remote Setup

Score: 100%

- Google for Education & MIT RAISE:** Generative AI with Gemini (ID: 475981211 • Verified Aug 2026 • 100% Score).
- Google Education:** Gemini Certified Specialist (Assessment Score: 86%).
- Connectivity:** Dedicated 300 Mbps high-speed fiber internet + 4G/LTE mobile hotspot failover.
- Power & Schedule:** Dual UPS battery backup systems for zero downtime; 100% committed to full-time U.S. Eastern Standard Time (EST) schedule overlap.
